PORT OF SEATTLE  
**MEMORANDUM**

DATE November 28, 1979

TO Betty Shivers-Byrd, Rental Management Specialist I

FROM  Dawson Alexander, Acting Director of Planning & Research

SUBJECT Proposed Street Vacation on Duwamish Avenue South

Our department has reviewed the street vacation proposed along Duwamish Avenue South, directly east of Terminal 106-W. We feel there is no impact on Port of Seattle operations with this vacation. The portion of the street vacated is an 8-foot dirt parking area, and a set of railroad tracks.

We have discussed this proposed vacation with Dan Boone of the Distribution Department. He concurs in our recommendation that there is no significant impact on our facilities.
